JIM McDONNELL, SHERIFF

A Tradition of Service

June 02, 2015

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
Los Angeles, California 90012

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

56 June 2, 2015

PATRICK O'GORMAN
ACTING EXECUTIVE OFFICER

Dear Supervisors:

**APPROVE A MEMORANDUM OF UNDERSTANDING WITH THE LOS ANGELES
REGIONAL INTEROPERABLE COMMUNICATIONS SYSTEM AUTHORITY
FOR THE USE OF PORTABLE RADIO EQUIPMENT AND A LAND MOBILE
RADIO EARLY DEPLOYMENT SYSTEM
(ALL DISTRICTS) (3 VOTES)**

SUBJECT

Request approval authorizing the Sheriff of Los Angeles County (County) to execute a Memorandum of Understanding (MOU) with the Los Angeles Regional Interoperable Communications System Authority (LA-RICS Authority) for the acceptance of 262 portable radios and radio accessories (Radio Equipment) and use of the LA-RICS Authority's Land Mobile Radio (LMR) Early Deployment System (System).

IT IS RECOMMENDED THAT THE BOARD:

Delegate authority to the Sheriff, as an agent for the County, to accept the Radio Equipment and execute an MOU with the LA-RICS Authority substantially similar in form to the attached MOU (Attachment A), which would allow the Los Angeles County Sheriff's Department (Department) to accept Radio Equipment to be used by its many entities, and to authorize the Department to use the LA-RICS Authority's LMR System, for purposes of testing, determining coverage, assessing functionality, and obtaining feedback on the quality of the LMR System.

Background

On August 15, 2013, the Los Angeles Regional Interoperable Communications System Joint Powers Authority (JPA) Board approved Agreement Number LA-RICS 007 between the LA-RICS Authority and Motorola Solutions, Incorporated (Motorola) for a LMR System to be deployed across the

Greater Los Angeles region. The work to be performed by Motorola for the LMR System, should the JPA Board exercise the unilateral options will consist of five phases: Phase 1, System Design; Phase 2, Site Construction and Site Modification; Phase 3, Supply LMR System Components; Phase 4, LMR System Implementation; and Phase 5, LMR System Maintenance.

On August 21, 2014, the JPA Board approved Amendment Number 8 to Agreement Number LA-RICS 007 for the purchase of 454 portable radios to be disseminated to LA-RICS Authority members for use on the LMR System, once final system acceptance is achieved.

On January 8, 2015, the JPA Board approved the attached MOU (Attachment A) in substantially similar form between the LA-RICS Authority and the County, allowing the LA-RICS Authority to loan the Radio Equipment to the Department, at no cost, for use by its many entities, and to authorize use on the LMR System for purposes of determining coverage, testing the system, assessing functionality, and obtaining feedback on the quality of the system.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of the recommended action will allow the Department to enter into an MOU with the LA-RICS Authority to accept the Radio Equipment, at no cost, to use on the Authority's LMR System, which is accessible on a 24-hour per day basis in an encrypted mode with access to the Department channels, as well as LMR System channels.

The purpose of the LMR System is to establish proof of concept for the LMR System and provide a training platform for member agency users on the LMR System. It is also a first step in transitioning the Radio Equipment to the LMR System in accordance with the LA-RICS Authority/member agency approved migration plan, and once final system acceptance is achieved, it will provide member agencies with the ability to receive and utilize Radio Equipment within their respective agencies.

Of the 454 portable radios purchased by the LA-RICS Authority, 262 are allocated to the Department for use by various entities, including: 50 radios assigned to the Interagency Metropolitan Police Apprehension Crime Task Force, 100 radios assigned to the Department's Homeland Security Division (Aero Bureau, Joint Regional Intelligence Center (JRIC), Arson/Explosives, Tactical Planning, Counter Terrorism Unit, Hazardous Materials Detail, Crisis Negotiations Team), 90 radios assigned to the Department's Detective Division (Domestic Highway Enforcement Team, Parcel and Cargo Narcotics Enforcement Security Task Force, Major Violators Task Force, Los Angeles/Long Beach Border Enforcement Security Task Force, California Multi-Jurisdictional Methamphetamine Enforcement Team, High Intensity Drug Trafficking Areas, United States Customs Omega Task Force, Career Offenders Task Force, CARGO Criminal Apprehension Teams, Fugitive Task Force, Taskforce for Regional Auto Theft Prevention, Special Victims Bureaus Sexual Assault Felony Enforcement Team), and 22 radios assigned to the Department's Avalon Patrol Station (Marine/Harbor/ Coast Guard, Los Angeles City and County Fire Communications).

Prior to distribution to the Department, the LA-RICS Authority will provide comprehensive training for the users regarding the LMR System's capabilities and expectations regarding feedback.

Implementation of Strategic Plan Goals

Approval of the recommended action is consistent with the County's Strategic Plan, Goal 1, Operational Effectiveness/Fiscal Sustainability. The use of the Radio Equipment on the LMR System will improve the effectiveness of communications within the Department, enhancing the Department's delivery of customer-oriented and efficient public service.

FISCAL IMPACT/FINANCING

None. The LA-RICS Authority purchased the Radio Equipment and is providing it to the Department at no cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The term of the MOU shall commence upon execution by both parties and shall remain in effect until terminated by either party. The MOU may be terminated by either party with 90 calendar days advance written notice. The MOU provides for mutual indemnification by the parties.

County Counsel has reviewed and approved the attached MOU as to form.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of the recommended action will have no impact on current services.

CONCLUSION

Upon Board approval, please send a copy of the adopted Board letter to the Department's Technology and Support Division.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim McDonnell".

JIM McDONNELL
Sheriff

**MEMORANDUM OF UNDERSTANDING FOR USE OF
LA-RICS USER EQUIPMENT AND LMR EARLY DEPLOYMENT
SYSTEM**

THIS MEMORANDUM OF UNDERSTANDING (the "MOU") is made and entered into this _____ day of _____, 2015,

BY AND BETWEEN

COUNTY OF LOS ANGELES,
hereinafter referred to as "Member";

AND

**THE LOS ANGELES REGIONAL
INTEROPERABLE
COMMUNICATIONS SYSTEM
AUTHORITY ("LA-RICS"), a Joint
Powers Authority, hereinafter
collectively referred to as the "Authority".**

WHEREAS, pursuant to Agreement No. LA-RICS 007 between LA-RICS and Motorola Solutions, Inc. (Motorola) for an Land Mobile Radio System (LMR System), the Authority procured portable radios, radio accessories, consolettes and consoles (User Equipment) for Authority member agency use on the LA-RICS Land Mobile Radio (LMR) Early Deployment System (Core 1, Core 2 and 8 repeater sites) to establish proof of concept for the LMR System, provide a training bed for member agency users on the LMR System, as well as transitioning the User Equipment to the LMR System in accordance with the Authority/member agency approved migration plan, once Final System Acceptance is achieved;

WHEREAS, the Authority wishes to enter into a Memorandum of Understanding (MOU) with Member for loan of LA-RICS User Equipment to the Los Angeles County Sheriff's Department (Department);

WHEREAS, Member is a member agency of LA-RICS;

WHEREAS, Member is agreeable to accept and use the User Equipment, including on the LA-RICS Early Deployment System and the LMR System, once Final System Acceptance has been achieved;

WHEREAS, the Authority desires to share the use of portable radios on its LMR Early Deployment System with the Member for the purpose of testing, assessing functionality, and demonstrating proof of concept;

WHEREAS, the Member, by way of the Department and its various Divisions and Task Forces (e.g. Interagency Metropolitan Police Apprehension Crime Task Force, Homeland Security Division, Detective Division, etc.), desires to use the LMR Early

Deployment System and provide the Authority with feedback on the quality and coverage of the LMR Early Deployment System;

WHEREAS, the Member enters into this MOU with the understanding and acknowledgement that the LMR Early Deployment System has not been fully tested or accepted as a final product by the Authority and Motorola is still in the process of designing and implementing the LMR System;

WHEREAS, the Member enters into this MOU with the understanding and acknowledgement that the LMR Early Deployment System may not have the same radio coverage as Member's existing regularly assigned radio channels. Member agrees that it will inform all of its LMR Early Deployment System users of this potential loss in coverage;

WHEREAS, the Member enters into this MOU with the understanding and acknowledgement that the emergency trigger on the portable radios used on the LMR Early Deployment System will be programmed to function on the Department's radio system. Member understands and agrees that in the event that Member users operating on LMR Early Deployment System need to call for emergency assistance, they shall immediately switch channels to "SCC Access" or any local Sheriff Department's dispatch channel and state their emergency. Member acknowledges that there will be no dispatchers monitoring any of the LMR Early Deployment System radio channels as it is for training and functionality testing only;

WHEREAS, the Member enters into this MOU with the understanding and acknowledgement that the portable radios used on the LMR Early Deployment System must be checked by all Member users to ensure that their normally assigned dispatch channels and emergency channels are working properly prior to use. Member understands and agrees that its users of the LMR Early Deployment System shall familiarize themselves with the use of the portable radio, including the ability to switch to emergency or dispatch channels; and

WHEREAS, no radio conversations had on the LMR Early Deployment System will be recorded.

NOW, THEREFORE, in consideration of these recitals and the mutual promises, covenants, and conditions set forth herein, the parties hereto and each of them do agree as follows:

1. PURPOSE

The purpose of this MOU is to allow the Authority to loan Member certain User Equipment identified in Exhibit A (Equipment Details Log) and in accordance with the distribution of radios set forth in Exhibit F (Sheriff's Department Divisions/Task Forces) and for Member to use the equipment in a proper manner and perform preventative maintenance inspections, all in accordance with Exhibit

B (Equipment Manufacturer Requirements and Recommendations), and undertake other related activities.

Further, this MOU allows the Authority to field portable radios to Members to assist with determining the coverage area of the LMR Early Deployment System and to obtain feedback on the functionality of the system.

By way of this MOU, the Member shall have twenty-four (24) hour a day access to use the LMR Early Deployment System in an encrypted mode with a minimum of two talk groups. The User Equipment, portable radios in particular, will be pre-programmed by the Authority for use on the LMR Early Deployment System, which will include the Department's current radio channels as well as the LMR Early Deployment System channels. Additional LMR Early Deployment System talk groups may be available upon written request to the Authority.

In the event that the Member decides it no longer interested in participating in the LMR Early Deployment System for purposes of assessing and evaluating its functionality, the User Equipment shall be returned to the Authority and this MOU shall be terminated pursuant to Section 4 (Term of MOU).

2. EQUIPMENT FOR AUTHORITY MEMBER USE

Member acknowledges possession and use of the User Equipment is for member agencies in the LA-RICS Authority. If at any time following the execution of this MOU, Member elects to withdraw as a member agency from the Authority, Member shall return all the User Equipment set forth in Exhibit A (Equipment Details Log) to this MOU within the time specified in Section 6.01, Withdrawal of Members, of the LA-RICS Joint Powers Agreement (JPA).

3. CONDITIONS OF USE

The Authority will issue User Equipment to the Member for use on the LMR Early Deployment System, will comply with all applicable County ordinances and all State and Federal laws, and will provide warranty and programming support for the User Equipment, in particular portable radios.

Member shall:

- 3.1 Comply with and abide by all required preventative maintenance inspections and directions provided by the Authority and User Equipment manufacturer in order to properly maintain the User Equipment, in accordance with Exhibit B (Equipment Manufacturer Requirements and Recommendations).
- 3.2 Report any lost, stolen or damaged User Equipment in accordance with Exhibit C (Lost, Stolen, or Damaged Equipment).

- 3.3 Maintain an Equipment Log to track User Equipment (e.g. location, assigned personnel, etc.).
- 3.4 Provide LA-RICS Equipment Administrator with an updated Equipment Log on the same day a change in location/assignment occurs.
- 3.5 Maintain a file of all copies of Exhibit D (Equipment Delivery Receipt) upon delivery of User Equipment to the Member.
- 3.6 Comply with and abide by all applicable rules, regulations and directions of the Authority as it relates to the LMR Early Deployment System.
- 3.7 Comply with all applicable and County ordinances and all State and Federal laws.
- 3.8 While operating on the LMR Early Deployment System, Member will conduct operations in a courteous, professional, and non-profanity manner, and remove any agent, servant or employee who fails to conduct operations in the manner described herein.
- 3.9 Provide feedback to the Authority on the system's functionality by completing an LMR Early Deployment System Survey (Exhibit E) on a monthly basis. Ensure that the surveys are submitted to the Authority by the 2nd Monday of every month.
- 3.10 Track and maintain records of the portable radios, which must include what employee is assigned which radio, including the serial number of the assigned radio. In the event an employee transfers to another unit, section, department, agency, etc., the radio shall remain with the Member and shall not be retained by the employee.
- 3.11 Should any system failure(s) be demonstrated on the LMR Early Deployment System, Member shall promptly report such system failure(s) to the Authority. All reports regarding system failure(s) and radio problems and incidents to lasd@la-rics.org or telephone (323) 881-8321.

4. TERM OF MOU

- 4.1 The MOU shall commence upon execution by both parties and shall remain in effect until terminated by either party as provided herein, and as stipulated by Section 6.01, Withdrawal of Members, of the LA-RICS JPA.
- 4.2 Either party shall have the option of terminating this MOU at any time for any reason upon giving the cancelled party notice in writing at least ninety (90) calendar days in advance of such termination. All User Equipment set forth in Exhibit A (Equipment Details Log) must be returned prior to conclusion of the 90 calendar day notice.

5. CONSIDERATION

This MOU is granted on a gratis basis in furtherance of public safety goals. Consideration for this MOU is parties' full and faithful compliance with the mutual promises, covenants, recitals, terms and conditions set forth herein.

6. EQUIPMENT ADMINISTRATOR

6.1 Authority Equipment Administrator:

Los Angeles County Sheriff's Department
LA-RICS Project Team
Sergeant Alfred Ortega
2525 Corporate Place, Suite 200
Monterey Park, CA 91754
adortega@lasd.org
(323) 881-8111

6.2 Authority Equipment Administrator Designee:

Los Angeles County Sheriff's Department
LA-RICS Project Team
Deputy Dana Gower
2525 Corporate Place, Suite 200
Monterey Park, CA 91754
dggower@lasd.org
(323) 881-8284

6.3 Member Equipment Administrator:

Los Angeles County Sheriff's Department
Alfred Ortega, Sergeant
1277 N. Eastern Ave., Los Angeles CA 90063
adortega@lasd.org
323-881-8111

6.4 Member Equipment Administrator Designee:

Los Angeles County Sheriff's Department
Dana Gower, Deputy
1277 N. Eastern Ave., Los Angeles CA 90063
dggower@lasd.org
323-881-8284

7. NOTICES

- 7.1 Notices desired or required to be given pursuant to this MOU or by any law shall be provided in the manner set forth in Section 7.2 and addressed as follows:

Notices to Authority shall be addressed as follows, unless otherwise stipulated in the MOU exhibits:

LA-RICS Joint Powers Authority
Attn: Ms. Susy Orellana-Curtiss
2525 Corporate Place, Suite 200
Monterey Park, CA 91754
Susy.orellana-curtiss@la-rics.org

Notices to Member shall be addressed as follows:

Los Angeles County Sheriff's Department
Attn: Unit Commander Communications and Fleet Management Bureau
1277 N. Eastern Ave.
Los Angeles, CA 90063

- 7.2 Notice will be sufficiently given for all purposes as follows:
- a) Personal delivery. When personally delivered to the recipient, notice is effective on delivery.
 - b) First Class mail. When mailed first class to the last known address of the recipient, notice is effective three mail delivery days after deposit in a United States Postal Service office or mailbox.
 - c) Certified mail. When mailed certified, return receipt requested, notice is effective on receipt, if delivery is confirmed by a return receipt.
 - d) Overnight delivery. When delivered by an overnight delivery service, charges prepaid or charged to the sender's account, notice is effective on delivery, if delivery is confirmed by the delivery service.
 - e) Facsimile transmission. When sent by fax to the last known fax number of the recipient, notice is effective on receipt. Any notice given by fax will be deemed received on the next business day if it is received after 5:00 p.m. or on a non-business day.

- f) Email. When sent by email, notice is effective on receipt. Any notice given by email will be deemed received on the next business day if it is received after 5:00 p.m. or on a non-business day.
- 7.3 Any correctly addressed notice that is refused, unclaimed, or undeliverable because of an act or omission of the party to be notified, will be deemed effective as of the first date the notice was refused, unclaimed or deemed undeliverable by the postal authorities, messenger or overnight delivery service.
- 7.4 Addresses and persons to be notified may be changed by either party by giving ten (10) calendar days prior written notice thereof to the other party.

8. RETURN OF USER EQUIPMENT

- 8.1 In accordance with conditions of this MOU, the Member shall return all User Equipment set forth in Exhibit A (Equipment Details Log) to the Authority Equipment Administrator via personal delivery at the address indicated in Sections 6.1 and 6.2.
- 8.2 If Member does not return the User Equipment in good working condition, minus normal wear and tear, as set forth in Exhibit A (Equipment Details Log) within the time stipulated in this MOU, the Authority may require Member (Assigned Sheriff's Department Division) to provide replacement or reimbursement within (30) calendar days of failure to return such User Equipment or if the User Equipment is returned in a poor or inoperative condition.

9. INDEMNITY

Member shall indemnify, defend, and hold harmless the Authority, its elected and appointed officers, member agencies, employees, contractors and agents from and against any and all liability, including but not limited to demands, claims, actions, fees, costs, and expenses (including attorney and expert witness fees), arising from or connected with the Member's acts and/or omissions arising from and/or relating to this MOU.

Authority shall indemnify, defend, and hold harmless the Member, its elected and appointed officers, member agencies, employees, contractors and agents from and against any and all liability, including but not limited to demands, claims, actions, fees, costs, and expenses (including attorney and expert witness fees), arising from or connected with the Authority's acts and/or omissions arising from and/or relating to this MOU.

10. INDEPENDENT STATUS

This MOU is by and between Member and Authority and is not intended and shall not be construed to create the relationship of agent, servant, employee, partnership, joint venture or association as between Member and Authority.

11. ASSIGNMENT

This MOU is personal to Authority and the Member, and, in the event the Member shall attempt to assign or transfer the same in whole or in part, all rights hereunder shall immediately terminate.

12. DEFAULT

Member agrees that if default shall be made in any of the terms or conditions herein contained, Authority may forthwith revoke and terminate this MOU immediately notwithstanding any other provision hereof.

13. WAIVER

- 13.1 Any waiver by either party of the breach of any one or more of the covenants, conditions, terms and MOUs herein contained shall not be construed to be a waiver of any other breach of the same or of any other covenant, condition, term or MOU herein contained, nor shall failure on the part of either party to require exact, full and complete compliance with any of the covenants, conditions, terms or MOUs herein contained be construed as in any manner changing the terms of this MOU or stopping either party from enforcing the full provisions thereof.
- 13.2 No option, right, power, remedy, or privilege of either party shall be construed as being exhausted by the exercise thereof in one or more instances. The rights, powers, options, and remedies given either party by this MOU shall be cumulative.

14. SYSTEM AVAILABILITY AND NOTIFICATION

Member understands that the LMR Early Deployment System is part of a larger system that is currently in the design and implementation phases. For this reason, the LMR Early Deployment System may be taken down at any time with little advance notice. In the event the LMR Early Deployment System must be taken down for any reason, the Authority will notify Member of such shut down as soon as possible. Upon Final System Acceptance of the LMR System, the LMR Early Deployment System will be merged with the final LMR System. When that time approaches, the portable radios issued may require re-programming in order to continue to be operable on the final LMR System.

15. INTERPRETATION

Unless the context of this MOU clearly requires otherwise: (i) the plural and singular numbers shall be deemed to include the other; (ii) the masculine, feminine and neuter genders shall be deemed to include the others; (iii) "or" is not exclusive; and (iv) "includes" and "including" are not limiting.

16. GOVERNING LAW, JURISDICTION, AND VENUE

This MOU shall be governed by, and construed in accordance with, the laws of the State of California. The parties agree and consent to the exclusive jurisdiction of the courts of the State of California for all purposes regarding this MOU and further agree and consent that venue of any action brought hereunder shall be exclusively in the County of Los Angeles.

17. SEVERABILITY

If any provision of this MOU is held invalid, the remainder of this MOU shall not be affected thereby if such remainder would then continue to conform to the terms and requirements of applicable law.

18. AMENDMENTS

All changes, modifications, or amendments to this MOU must be in the form of a written Amendment duly executed by authorized representatives of the Authority and Member.

19. ENTIRE MOU

This MOU, Exhibits A, B, C, D, E and F, and any executed Amendments, between the parties hereto, and no addition or modification of any terms or provisions shall be effective unless set forth in writing, signed by both Member and Authority.

Caring for Your Radio

Caution

- Your radio casting has a vent port that allows for pressure equalization in the radio. Never poke this vent with any objects, such as needles, tweezers, or screwdrivers. This could create leak paths into the radio and the radio's submergibility will be lost.

- Your radio is designed to be submerged to a maximum depth of 6 feet, with a maximum submersion time of 2 hours. Exceeding either maximum limit may result in damage to the radio.

Helpful Tips

139

English

**Caution**

- Elastomer technology materials used for seals in rugged portable radios can age with time and environmental exposure. Therefore, Motorola recommends that rugged radios be checked annually as a preventive measure in order to assure the watertight integrity of the radio. Motorola details the disassembly, test, and reassembly procedures along with necessary test equipment needed to inspect, maintain and troubleshoot radio seals in the radio's service manual.
- If the radio battery contact area has been submerged in water, dry and clean the radio battery contacts before attaching a battery to the radio. Otherwise, the water could short-circuit the radio.
- If the radio has been submerged in water, shake the radio well so that any water that may be trapped inside the speaker grille and microphone port can be removed. Otherwise, the water will decrease the audio quality of the radio.
- Do not disassemble the radio. This could damage radio seals and result in leak paths into the radio. Any radio maintenance should be performed only by a qualified radio technician.

Cleaning Your Radio**Procedure:**

To clean the external surfaces of your radio:

- 1 Combine one teaspoon of mild dishwashing detergent to one gallon of water (0.5% solution).
- 2 Apply the solution sparingly with a stiff, non-metallic, short-bristled brush, making sure excess detergent does not get entrapped near the connectors, controls or crevices. Dry the radio thoroughly with a soft, lint-free cloth.
- 3 Clean battery contacts with a lint-free cloth to remove dirt or grease.

**Caution**

Do not use solvents to clean your radio as most chemicals may permanently damage the radio housing and textures.

Caution Do not submerge the radio in the detergent solution.

Handling Your Radio

- Do not pound, drop, or throw the radio unnecessarily. Never carry the radio by the antenna.
- Avoid subjecting the radio to an excess of liquids.
- Avoid subjecting the radio to corrosives, solvents or chemicals.
- Do not disassemble the radio.
- Keep the accessory-connector cover in place until ready to use the connector. Replace the cover immediately once the accessory has been disconnected.
- When charging the radio using a wall mounted charger, the radio must be turned off. Otherwise, the **Man Down Alert and Emergency** may be accidentally triggered.

Servicing Your Radio

Proper repair and maintenance procedures will assure efficient operation and long life for this product. A Motorola maintenance agreement will provide expert service to keep this and all other communication equipment in perfect operating condition. A nationwide service organization is provided by Motorola to support maintenance services. Through its maintenance and installation program, Motorola makes available the finest service to those desiring reliable, continuous communications on a contract basis. For a contract service agreement, please contact your nearest Motorola service or sales representative, or an authorized Motorola dealer.

Express Service Plus (ESP) is an optional extended service coverage plan, which provides for the repair of this product for an additional period of either one or two years beyond the normal expiration date of the standard warranty. For more information about ESP, contact the Motorola Radio Support Center at 3761 South Central Avenue, Rockford, IL 61102 (800) 227-6772 / (847)725-4200.

Taking Care of the Battery

Checking the Battery Charge Status

Your radio can indicate the battery's charge status through:

- the LED and sounds.
- the fuel gauge icon on the display.

You can also check the battery charge status via the menu entry. See **IMPRES™ Battery Annunciator** on page 134 for more information.

LED and Sounds

When your battery is low:

- the LED blinks red when the PTT button is pressed.
- you hear a low-battery "chirp" (short, high-pitched tone).

Fuel Gauge Icon

A blinking fuel gauge icon () is displayed only when the battery voltage drops to low level. In this case, replace the battery with a fully charged one.

Gauge	Battery Charge
 Top Display	76% to 100% full*
 Top Display	51% to 75%*
 Top Display	26% to 50%*

Gauge	Battery Charge
	11% to 25%*
Top Display	10% or less (at 10%, the gauge begins blinking)

*These are for IMPRES battery operation only.

Battery Recycling and Disposal

In the U.S. and Canada, Motorola participates in the nationwide Rechargeable Battery Recycling Corporation (RBRC) program for battery collection and recycling. Many retailers and dealers participate in this program.

For the of the drop-off facility closest to you, access RBRC's Internet web site at www.rbrc.com or call 1-800-8-BATTERY. This internet site and telephone number also provide other useful information concerning recycling options for consumers, businesses, and governmental agencies.

LOST, STOLEN OR DAMAGED EQUIPMENT

In the event that User Equipment provided under this MOU is lost, stolen or damaged, the Member Equipment Administrator shall provide the following:

1. Lost or stolen User Equipment shall be the responsibility of the Member.
2. Provide email notification or notification by way of the United States Postal Service (with delivery confirmation) to Authority Equipment Administrator, as set forth in Section 6 (Equipment Administrator) of the MOU, on the day the User Equipment is discovered lost, stolen or damaged;
3. File an Incident Report in accordance with Member policies and procedures, providing a copy of completed Incident Report to the Authority Equipment Administrator. The Incident Report shall include;
 - o Type of User Equipment, i.e., portable radio, console, consolette, accessory, etc.;
 - o User Equipment serial number as reflected on the User Equipment asset tag/asset tag log for lost equipment;
 - o Description of the circumstances surrounding the loss or damage including dates and times;
 - o Senior level management finding on the cause of the loss/damage and a determination of negligence involved; and
 - o Report number.
4. If User Equipment replacement is required, the Authority Equipment Administrator will make the determination whether replacement can and/or will be provided, and whether a cost will be assessed to Member.

LMR EARLY DEPLOYMENT SYSTEM SURVEY**UNIT SUPERVISOR RADIO SURVEY
SEND TO laricsradiosurvey@la-rics.org**

Date:

Unit:

Name:

QUESTIONS

QUESTION 1: The Digital Trunk Radio System is designed to give you a refusal or "bonk" tone when you "step" on someone who is transmitting or when the radios are outside of coverage area. For reasons other than stepping on someone who is transmitting, when I'm actively communicating with someone on the radio system, I found the following to be most true (circle a, b or c):

- (a) Radio calls were routinely (>90%) getting through and being answered
- (b) Radio calls were routinely (>90%) able to transmit without a refusal "bonk" tone, but not always receive answer back
- (c) Radio calls are routinely (>90%) experiencing refusal or "bonk" tone

Comments your overall experience with reliability of the system:

QUESTION 2: My experience with the audio quality was:

- (a) The sound quality was very clear and understandable
- (b) The sound quality was ok but sometimes made "electronic/robotic" sounds
- (c) The sound quality was poor with hiss, clicks, pops, and "electronic" noise
- (d) The sound quality was so bad it was virtually unreadable

Additional comments on sound quality:

QUESTION 3: What is your opinion of the Pre-deployment "digital" talk-groups vs current "analog" LASD channels)?

- (a) The LMR Early Deployment System is superior because I'm able not have share our communications with other units or task forces.
- (b) The current Sheriff's Radio System is superior
- (c) Both systems were about the same

Additional comments on one system versus the other:

QUESTION 4: The LMR Early Deployment System is encrypted. Regarding encryption:

- (a) Using encryption is a good idea for all of our talk-groups all the time
- (b) I would want to use encryption about half the time
- (c) I would rarely want to use encryption
- (d) I would never want to use encryption

Additional comments on encryption:

QUESTION 5: The LMR Early Deployment System talk-groups were a benefit to us:

- (a) Having extra talk-groups was a great benefit to the unit
- (b) Having the extra talk-groups helped a little
- (c) Having the extra talk-groups really made no difference

Additional comments on the continued use of the LMR Early Deployment System:

QUESTION 6: The following system options for hand held radios would be useful (circle those that apply):

- (a) Bluetooth microphones and or earpieces, even after considering additional charger and device to manage.
- (b) Radio to radio texting
- (c) GPS positioning
- (d) A work around solution for "direct" mode
- (e) All of the above

Additional comments on future features that would be helpful:

QUESTION 7: Overall, the coverage of the LMR Early Deployment System was:

- (a) Excellent, I could transmit and receive in all of the areas we work
- (b) Ok, I could transmit and receive in most areas
- (c) Mediocre, it was hit and miss whether or not the system worked
- (d) Poor, it was so bad I would rather use another way to communicate

If you experienced poor coverage in an area please tell us:

Specific location(s) please list city, street address or intersections:

QUESTION 8: The LMR Early Deployment System does not have the "direct" or talk-around" feature:

- (a) Not having "direct" was not a big problem for me
- (b) Not having "direct" was frustrating and caused problems
- (c) Not having "direct" makes the system unusable for me

Additional comments on the lack of a "direct" feature:

Please provide any additional comments/feedback you have regarding the LMR Early Deployment System:
